

# ITN

**Philadelphia, Aug. 19th.**  
During a fire in the southwest part of the city, yesterday morning, a Swiss watch-case maker was shot dead by an Irishman, who was arrested and committed to answer the charge of murder.

**New Orleans, Aug. 15th.**  
Corn dull with sales at 50 to 60 cents. Prime Wheat 75c.

**Washington, Aug. 19th.**  
Hon. John M. Davis, U. S. Commissioner to China, arrived in this city last night.

**Boston, Aug. 19th.**  
In 1st district but a small vote up to the present time. S. A. Elliot, Whig, will doubtless be elected. In second district, C. F. Upham, Whig, will probably be elected, and it is thought there will be no choice in the fourth district. Polls closed at sun set.

**Pittsburgh, Aug. 20.**  
Three feet water in the channel, and rising slowly. Weather cloudy.

The telegraph line beyond Portsmouth is again out of order, consequently we are without our usual dispatches.

**Jackson Coal and Marble.**  
The coal measures of the county of Jackson, distant from 12 to 36 miles from this city, including the intermediate space, are not only rich in the heavy carbonaceous, bituminous coals, but there are spots—and large ones too, in which the *cannel* (or *candle*) coals are found. In one locality, about a mile west of Jackson Court-House, there is a layer of coal of the latter description, which challenges the admiration of beholders. Large blocks of the best quality are strewn over the surface of the ground, the out-crop of the strata a few feet beneath the earth's surface.

Through the politeness of Francis Campbell, Esq., of this city, an opportunity was afforded us, this morning to examine a remarkably fine specimen of coal from this mine, sent Mr. C. by Gen. Cissna, of Jackson county, whose father-in-law is proprietor of it. This coal will take fire from a lucifer match, and burns freely with a beautiful yellow flame.

The smoke emits far less of odor from the bitumen consumed, than heavier coals—and thus the *cannel* coal is especially suitable for sick-room and parlor fires. It is not, however, (as we have stated in previous articles,) so valuable for generating steam, or for large purposes, where great heat is needed, as the heavier bituminous stone coals. According to the analysis of Professor Mather and his assistants, embodied in the Ohio Geological Reports, this latter description of Jackson coal is more valuable for most utilitarian purposes, (will make more coke) than the famous Brownsville, or any other Western coal, except only that from a particular mine in Portage county, Ohio.

The mineral riches of Jackson county, within ten hours ride of this city, are immense—incalculable! As yet, however, they are undeveloped, owing to the difficulty of approaching them. The opening of the S. & H. Valley Railroad, from Portsmouth to Jackson Court-House; the completion of the Chillicothe and Gallipolis Turnpike, from this city to the mines; or the building of a Plank Road from the mines to this city—either would inevitably ensure to the uncouth benefit of the county of Jackson.

The lapse of twenty years will witness a wonderful change in these matters.

Besides the *cannel* coal of Jackson county, there is another large bed in the west, which an enterprising eastern company has purchased, and has commenced working on a large scale. We allude to the Kanawha field, the coal from which is becoming very popular in New Orleans, Louisville and Cincinnati.

Near the Jackson *cannel* coal beds, is a quarry of excellent black marble—so good that Mr. Wells, the architect of the new Statehouse, at Columbus, has expressed himself favorable to its use for the flooring of that great edifice.—*Chil. Gaz.*

**SINGULAR SUICIDE IN KENTUCKY.**  
The Richmond (Ky.) Chronicle of the 1st gives the following account of a singular suicide in that region:

On Friday evening last, Erskine Gentry committed suicide in this county, by taking strichnine. He was a young man who had, until within a very short time, borne a fine character. He was related to some of the most respectable citizens of our county, and was esteemed by his acquaintances. A number of miles had been unlawfully removed from their owners in the county, and after diligent search some of them were found; and suspicion fastened upon him as deprecator. He was in company with several gentlemen at the time he took the poison, and after taking it, confessed, and said he could not live with such a charge against him. The heart of our whole community sympathizes with his family and friends. Peace to his ashes.

The *Mary Blane* has been compelled to pay \$750 damages for sinking a salt boat at Portland, Ky.

**From Washington.**  
The Cabinet is now full. Mr. McKennan, of Pa., Secretary of the Interior, and Mr. Conrad, of La., Secretary of War.

## CALIFORNIA BILL.

**Aug. 13.**

**SENATE.**—The California bill was taken up.

Mr. Jefferson Davis proceeded to enter his solemn protest against passing this bill; he considered it equivalent to the Wilmot proviso; a great outrage upon the South, and a flagrant aggression upon the rights of the minority. By everything sacred and desirable he invoked forbearance. He contended that the fate of the Union hung suspended upon the passage of the present California bill.

Mr. Clemens rose next and stated his objections to the bill.

Mr. Houston spoke at length, justifying his vote for the bill.

Messrs. Davis of Miss., Barnwell and Houston continued the debate on the Nashville Convention.

Mr. Cass replied to some remarks of Mr. Clemens.

The bill was then passed—yeas 34, nays 18.

Mr. Butler gave notice that on tomorrow the minority would ask leave to enter on the journal their protest.

The House had the appropriation bill under consideration.

**SENATE, Aug. 14.**—The Southern protest against the passage of the California bill, was submitted to be entered on the journal. The matter was postponed. The bill giving a government to New Mexico was ordered to be engrossed for a third reading. A motion to insert the Wilmot proviso was rejected—yeas 20, nays 25.

**Aug. 15.**—The motion to receive the protest was laid on the table.—The bill providing a territorial government for New Mexico, was passed—yeas 22, nays 10.

The appropriation bill offered an opportunity in the House for members to express their views upon the President's message, the Senate bill for settling the boundary of Texas, &c. Messrs. Ashmun, of Mass., Duer, of New York, and others avowed their intention to vote for the Senate bill.

**DROWNED.**—From a salt boat—6 miles below this place on Thursday last, Perry Parr, who with another hand was sent to the steamer Skipper, then passing the shoals for a skiff. Mr. Parr fell out of the skiff, near the steamer and was drowned. His body, we learn was recovered at the mouth of Coal, and properly interred. Mr. Parr was about 31 years of age, unmarried, came to this county from Tazewell county about the 1st of May last. His mother, brothers, and sisters, we learn, live in Athens county, Ohio.—*Kan. Rep.*

**GALLIPOLIS MARKET.**  
Aug. 21, 1850.

Corrected weekly, by E. DELETON & CO.

Flour, per bbl. \$4 00  
Wheat, per bushel. 70  
Corn, do do. 50  
Oats, do do. 15 to 25  
Flaxseed per bush. 75

**CINCINNATI MARKET.**  
August 17th.

Flour.—The demand for Flour to-day has continued good, but supplies being light, sales were limited. The sales to-day comprised 256 bbls in lots at \$3 62; 50 do at 3 65; 56 do at 3 67, and 70 do at 3 65, delivered. The receipts during the last 24 hours comprised 463 bbls, and during the week 4,306; the exports during the week 1365.

Grain.—There has been a continued fair demand for Corn, and the supplies being inadequate thereto, holders have realized a further advance. The sales comprised 2,000 bush at 51c, 1,500 do 52c; all in bulk. In Oats the sales are confined to small lots of new at 35c. Wheat continues to sell at 75c. A sale of 300 bush new barley at 55c.

Provisions.—The market has remained inactive and dull for every article. In Bacon the only sales were 30 lbs common yellow washed at 74c; 10 do common yellow washed at 74c; and 5 hds Sides at 45c. In the large yard Shoulders are held at 44c; Sides 44c, and yellow washed Hams 74c; but these quotations must be considered as entirely nominal. Of Lard the only sale was 400 kegs prime at 61c.

Whiskey in fair demand and prices steady. Sales from river at 22c; wagons at 22 1/2, and from canal at 22c. Sales of 20 hds fair Sugar at 64. Molasses 33 1/2 to 34c.

Western Reserve Cheese 6c.

**FATHER MATHEW** writes from the Arkansas White Sulphur Springs, to a friend in New Orleans, as follows: "In reply to your kind inquiry about my health, I feel happy to inform you that, since my arrival here, I am, thank God, much improved.—Since my departure from New Orleans I have not been a day ill, though laboring under my usual infirmity."

Every one who has suffered with foot-bitten feet, rheumatism, sprain, ankle, stiffness, soreness of the breast, &c., knows that H. G. Farrell's Arabian Liniment gives almost immediate relief, when all other remedies fail; and we verily believe that if those same persons had a bottle of this celebrated remedy and could get no more, they would not take fifty dollars for it.

See advertisement.

Beware of a spurious preparation called W. B. Farrell's Arabian Liniment, a base counterfeit, which has just made its appearance. Aug. 22.

**SYMPTOMS OF DISEASE.**  
Should never be disregarded. They are unerring indications that the vital functions of nature have been interrupted in their healthful action, and that serious evils must inevitably follow, unless the system be again set right by the timely use of proper remedies. And, in seeking these, it is all important that resort be not had to drastic purgatives or other medicines of a violent kind, which reduce the strength, and so prostrate the powers of nature, that they are unable to repel the threatened attack.

Bear in mind, that nature is ever endeavoring to expel disease when it invades the animal economy, and only needs the assistance of some general restorative—thorough, yet mild in its action—that will give tone to the system, and act upon the blood—which is the principle of life.

Guyot's Yellow Dock and Sarsaparilla, as a purifier of the blood, a renovator of the system, and a supporter and preserver of the powers of life, it has no equal. Take it, on the first indication that disease is upon you, and you will avert perhaps weeks and months of sickness and suffering.

See advertisement.

**The Chances of Home.**  
DEFENDS so much upon the possession of health, that nothing having its preservation in view should be overlooked or neglected. All persons, old and young, male and female, should preserve, cherish, watch and guard their health, and at the first symptoms of any ailment, apply promptly the proper remedy.

**The Genuine Shaker Sarsaparilla.**  
As prepared by Dr. S. D. Howe, is a new medicine, now offered for the first time. Its well established reputation has been fairly gained by its numerous remarkable cures during many years of constant use throughout New Hampshire and New York. The Medical profession generally in the Eastern States now recommend, and use in their private practice, this valuable medicine, for all diseases arising from impurity of blood.

**Shaker Sarsaparilla.**  
PREPARED BY DR. S. D. HOWE.  
Is the Unrivalled Remedy for all diseases of the Liver, Dyspepsia, Jaundice, and all Bilious Diseases. This valuable FAMILY MEDICINE.

Is prepared with great care, and is PURELY VEGETABLE. Its power over the above diseases is not excelled, if equaled by any other preparation in the United States, as numerous cures attest. IN MANY CASES AFTER SKILLFUL PHYSICIANS HAVE FAILED.

A critical case cured by the use of Dr. Howe's Shaker Sarsaparilla, and certified by Dr. S. Jackson, a distinguished Physician in Indiana. Such testimony is worth more than a column of ordinary advertisements.

**COLUMBUS, IND., June 10, 1850.**  
Dr. S. D. Howe.—Dear Sir: I have been afflicted with a Cough for the last three or four years, which has very nearly taken me to my grave, despite of all the medical aid I have ever received. I had despaired of ever again being restored to health. Six months ago I noticed the advertisement of your Shaker Sarsaparilla, and I immediately sent and procured one bottle, and I began speedily to improve, and I obtained another bottle, and the result of taking two bottles of Dr. S. D. Howe's Shaker Sarsaparilla has caused me to say to you, and every one whom it may concern, that I am entirely relieved from all cough and pain in the breast.

**MRS. N. GRAVES.**  
The great success which has attended the use of Dr. S. D. Howe's Shaker Sarsaparilla since its introduction into the Western States, has established its character in this section of country.

This is the only Sarsaparilla that acts on the Liver, Kidneys and Blood at the same time, and hence its singular efficacy and success.—Be sure and get Dr. S. D. Howe's Shaker Sarsaparilla, and take no other.

Quart bottles \$1 per bottle or 6 bottles for \$5.  
For sale by MAGNET & NARET, Gallipolis; Dr. Reese, Pomeroy; E. B. Perkins and Gottlo & Howe, Marietta; and by DR. S. D. HOWE & CO., No. 1 College Hall, Walnut street, 2 doors above 4th, Cincinnati, Ohio.

To whom all orders must be addressed. July 25, 1850.—lyebn—may 23.

**Western Liberal Institute.**  
Located at Marietta, Ohio.

THIS young and flourishing Institution will commence its third term on the 19th of September next. The course of studies is divided into Academic and Collegiate, and in both departments the discipline is most thorough and rigid. The buildings are elegant and finished in the most approved taste. The hall for the female department is particularly beautiful and pleasant. The government of the Institute is parental, but firm and thorough. Great watchfulness is held over the moral as well as mental well-being of the student. In each department there are two teachers, whose qualifications and experience give testimony of their fitness for their stations.

For further information address, P. R. KENDALL, Principal. Aug. 22, '50.—3w

**STRAYED.**  
From the subscriber on the night of the 16th inst., a Sorrel HORSE, over ten years old, about fifteen hands high, crease bald, staid on the right side, a star on his face, and with a tolerably heavy mane and tail. Any person returning him to me shall be liberally rewarded.

F. MATHERS.  
Aug. 22, '50.—3w

## TAXES.

THE amount of Taxes charged on each hundred dollars' valuation, of all property subject to taxation in the county of Gallia, is as follows, viz:—

For State purposes 32 cents; county purposes 28 cents; county common school 10 cents. For township and poor purposes—Ohio, 6 cents; Harrison, 8 cents; Clay, 16 cents; Gallipolis, 10 cents; Addison, 6 cents; Cheshire 18 cents; Green 6 cents; Springfield 8 cents; Raccoon 10 cents; Guyan 10 cents; For road purposes—Addison 6 cents; Cheshire 8 cents; Green 10 cents; Springfield 10 cents; Morgan 20 cents.

For Gallipolis corporation purposes, 34 cents; and for Gallipolis corporation school district, 18 cents. All of which taxes are required by law to be paid by the 20th of December next. I will attend at the Treasurer's office, in the court house, for the purpose of receiving the above taxes, from the 16th of September until the 20th of December.

R. BLACK, T. G. C.  
Aug. 22, 1850.—5w

## MEMPHIS INSTITUTE.

**MEDICAL DEPARTMENT.**  
THE regular course of Lectures in this Institute will commence on the first of November, and continue until the last of February. The Anatomical Department will be opened and ready to receive students by the first of October. The Medical Department will be under the direction of the following

**PROFESSORS:**  
J. Conquest Cross, M. D., Professor of the Institutes of Medicine, and Medical Jurisprudence.  
Byrd Powell, M. D., Professor of Cerebral Physiology, Medical Geology and Mineralogy.

R. S. Newton, M. D., Professor of Surgery.  
H. J. Hulce, M. D., Professor of Theory and Practice of Medicine.  
J. A. Wilcox, M. D., Professor of Obstetrics and Diseases of Women and Children.

J. King, M. D., Professor of Materia Medica and Therapeutics.  
Z. Freeman, M. D., Professor of Anatomy.  
J. Milton Sanders, A. M., M. D., Professor of Chemistry and Pharmacy.

**CLINICAL LECTURES.**  
Medicine—Professor H. J. Hulce.  
Surgery—Prof. R. S. Newton.  
Z. Freeman, M. D., Anatomical Demonstrator.

The fees for a full course of lectures amount to \$105.  
Matriculation \$5 00. Demonstrator's Fee 10 dollars. Graduation 20 dollars.

Those desiring further information will please address their letters (post-paid) to the Dean; and students arriving in the city will please call on him at the Commercial Hotel.

R. S. NEWTON.  
Dean of the Faculty.

**Law Department.**  
Hon. E. W. M. King, Professor of Theory and Practice of Law.  
Hon. Y. D. Barry, Professor of Commercial Jurisprudence.

TERMS—\$50 dollars per Session.  
All communications pertaining to this Department must be addressed to

E. W. M. KING.  
Memphis, Tenn., July 18, 1850.  
The Faculty, for intellectual abilities, moral worth and professional acquirements, will compare favorably with the most distinguished in our country. The medical faculty constitutes an anomaly in this or any other country—all of them are able lecturers and the best of teachers.

Those who will contemplate our geographical position, and the extent of our population, can have no doubt as to the eligibility of our situation for an enterprise of the kind. As to health, including all seasons of the year, we deny that any other city has more.

A common error exists in the minds of many students relative to the place of studying medicine; those who intend practicing among the diseases of the West and South should certainly educate themselves at a school whose Faculty are practically acquainted with those diseases.

That the public may be satisfied of the permanency of this school, we feel it our duty to state, that the Trustees and Faculty form a unit in action, which argues well for its future success; and that the peculiar internal organization which connects them cannot be interrupted.

E. W. M. KING.  
President of the Memphis Institute.  
July 18, 1850.—Feb 25, ly

**The State of Ohio, Gallia County, ss.**  
Court of Common Pleas, June Term, 1850.

Daniel W. Boggs vs. Samuel Boggs, Andrew Boggs, James Boggs, Jane Boggs, Joseph Boggs, Mary Grant, and Daniel Grant, her husband, Margaret Weyer, and Robert Weyer, her husband.—Is CHANCERY.

In pursuance of an order of the said court, made on the 19th day of June, 1850, the following notice is hereby given to the defendants that said complainant, David W. Boggs, on the 19th day of February, 1848, filed in the court of common Pleas of said county of Gallia, a bill in chancery, against the said Samuel Boggs, Andrew Boggs, James Boggs, Jane Boggs, Joseph Boggs, Mary Grant, and Daniel Grant, her husband, Margaret Weyer, and Robert Weyer, her husband, the object and prayer of which bill is to obtain said court a decree compelling the said defendants to execute to said complainant a quit claim deed to the premises, in the said bill described to-wit: The north east q. of section eleven, in township no. four of range no. sixteen, (16) in said county of Gallia. And the said defendants are hereby notified that unless they appear and plead, answer or demur, to said bill, within sixty days after the next term of said court, the said complainant will apply to said court at the next term thereof, after the expiration of said sixty days, to have the matters and things in said bill contained to be taken for confessed and a decree rendered thereon accordingly.

Attest:  
JOS. DROULLARD,  
Ck. C. C. P. G. C.  
Aug. 8, '50.—5w

**ADMINISTRATOR'S SALE.**  
Wesley M. Bosters, Adm., vs. Heirs.

BY virtue of an order of the court of Common Pleas, I will offer for sale at public auction, on Saturday, September 14th, on the Farm, the following described property, to-wit: All that tract or parcel of land, containing 56 acres, more or less, being East end of lot No. 6, section No. 16, township No. 4, range 15, being School land, leased for 99 years, renewable forever, 30 acres of which are cleared. On said Farm there is an orchard of 100 bearing apple trees; it is well watered, and a public road running through it. Terms, cash in hand. Appraised at \$225.

WM. CLARK, Adm'r.  
Aug. 8, 1850.—4w

**LUMBER YARD.**  
A large stock White Pine SHINGLES and seasoned BOARDS, every variety of thickness and length, in yard, west end of State street, near the upper Chickamauga Bridge, for sale by

May 3, '50.—1f  
H. FISHER.

## DR. GUYOTT'S

**Extract of Yellow Dock and Sarsaparilla.**

**DR. GUYOTT'S IMPROVED EXTRACT OF YELLOW DOCK AND SARSAPARILLA**, put up in the largest sized bottles contains more of the pure *Honduras Sarsaparilla* than any other preparation extant which is chemically combined with the Extract of Yellow Dock, the Balm of Wild Cherry, and the Balm of Fir, thus making the remedy more thoroughly efficient than any other Sarsaparilla before the public.

At the same time it is perfectly free from all mercurial poisons, which cannot be said of any other of the Sarsaparilla compounds. The invalid should beware of poisons! Mercury, Iron, Quinine, Potash, Iodine, Sulphur, Arsenic, and many other mineral and metallic poisons enter into and form the active basis of most of the Sarsaparilla compounds now in vogue.

Dr. Guyott's Compound Extract of Yellow Dock and Sarsaparilla does not contain a particle of these substances, as any one can easily ascertain by applying the necessary tests.

These poisons may occasionally remove disease, but they so vitiate the blood, and so completely impregnate the whole system with their baneful effects, that the first cold, or the first attack of disease, prostrates the patient's strength, and subjects him or her to the most excruciating tortures, and renders another cure almost impossible and hopeless. Let all poisonous Sarsaparilla preparations alone, and use Guyott's Improved extract of Yellow Dock and Sarsaparilla, which is thoroughly efficient.

All kinds of disease yields to its genial influence.

**CURES.**  
Scrofula, Cancerous Tumors, Cutaneous Eruptions, Erysipelas, or St. Anthony's Fire, or the Face, Chronic Sore Eyes, Tetter, Scald Head, Rheumatism, Enlargement or Pains in the Bones or Joints, old and stubborn Ulcers, Fever Sores, Hip Disease, Swelling of the Glands, Blotches, Syphilis, Scrophulous, Lumbago, Dropsy, Dyspepsia, Jaundice, Constipation, Salt Rheum, Affections of the Kidneys and Diseases arising from an injudicious use of Mercury, Minister's Sore Throat, Weakness of the Chest, Chronic Asthma, and all other diseases, tending towards Consumption, Liver Complaint, Female Irregularities, and Complaints, Sick and Nervous Headache, General Debility, Low Spirits, Loss of Appetite, Night Sweats, Pains in the Side and Shoulders, Exposure of Impurity in Life, Chronic Constitutional Disorders, and as a Spring and Fall Purifier of the Blood, and General Tonic for the System, it is unrivaled.

**A Case of Ulcerated Limbs of sixteen years standing.**  
The following is an extract of a letter, dated March 27, 1850, from E. B. Perkins, M. D., a highly respectable physician of Marietta, Ohio: John Fass—Dear Sir: I have under my care a great number of cases of Ulcerated Limbs, and have been suffering from Ulcerated Limbs, and whose case has been pronounced hopeless by three of our best physicians. I took her into my family, and have used Guyott's Yellow Dock and Sarsaparilla for her, and she is now recovering, and has been able to walk a mile or two without fatigue or pain. A year ago she used crutches. I will report the case in due time.

Very respectfully,  
E. B. PERKINS.

**An Extraordinary case of Quinck's Consumption.**  
Youngville, Warren Co., Pa., July 1st, 1850. Messrs. S. F. Bennett & Co.—Gents: I wish to express my thanks to you for the great benefit your Extract of Yellow Dock and Sarsaparilla has been to me. My mother had a violent attack of Erysipelas in March last, which left her with a violent cough, hectic fever, and night sweats. Our doctors pronounced her recovery and stopped prescribing for her, pronounced her complaint "Quick Consumption," and said she could not live but a very few days. We all despaired of her recovery, and did not expect her to survive one day to another. Her life was reduced to the lowest ebb. She was completely emaciated and perfectly helpless. At this critical time, we saw your advertisement in the Pittsburgh Gazette, and immediately sent to your agent, in Franklin, for three bottles of which she commenced taking, and from the first day she began to mend, and continues to do so up to this time. She is now able to attend to her household affairs, and is perfectly well, though not as strong as she was before she was afflicted. There are a great many of our citizens, that are very anxious to get your invaluable article, and it is fifty miles to your nearest agent, and I think it would be of an advantage to you, and a great relief to the afflicted, to establish an agency here.

Please accept our thanks and gratitude for the restored health of our dear mother.

Your obedient servant,  
TRUMAN A. HALL.

The best female medicine in the world. The Extract of Yellow Dock and Sarsaparilla is a positive, speedy, and permanent cure for all complaints incident to

**FEMALES.**  
It is mild, applicable to the delicate and delicate constitution of the female. It is unrivaled in its effects upon such diseases as incipient consumption, barrenness, leucorrhoea, or whites, irregular menstruation, incontinence of urine, and general prostration of the system. It immediately counteracts that distressing nervousness and lassitude so common to the female frame, and imparts an energy and buoyancy as surprising as they are grateful. We have evidence on file which induces us strongly to recommend this medicine to married people who have not been blessed with offspring.

**PURIFIED UTERI, or Palling of the Womb, of five years' standing, cured by Dr. Guyott's Extract of Yellow Dock and Sarsaparilla, after every other known remedy had been tried without relief.**

**WASHINGTON, Ohio, Feb. 1849.**  
This certifies that my wife, aged 27 years, has been suffering under the above complaint for five years—nearly all of that time confined to her bed. I have for four years constantly employed the best medical talent that could be procured in this section of the country, without any benefit whatever. I have also purchased every instrument recommended for the cure of such disease, all of which proved worthless.

In the spring of 1848, I was induced by my friends to try Dr. Guyott's Yellow Dock and Sarsaparilla, which was used for four months. After she had used it for about four weeks, it was evident to all that she was improving rapidly, and gained flesh and strength, until the disease was entirely removed, and she is now enjoying most excellent health.

We being neighbors of Wm. and Julia Monfort, know that the above statement, as to the sickness of Mrs. Monfort, and as to the cure being effected by Guyott's Yellow Dock and Sarsaparilla, is to be strictly true.

JANE EDDY,  
SARAH POWERS.

None genuine unless put up in large bottles containing a quart, and not of the Syrup alone in the glass, with the written signature S. F. Bennett, on the outside wrapper. Price, \$1 per bottle—or six bottles for \$5. Sold by J. W. Park, Cincinnati, Ohio, North-east corner of Fourth and Walnut streets, entrance on Walnut street, to whom all orders must be addressed.

MAGNET & NARET, Gallipolis; J. Capenhart & Co., Plattsburgh, Va.; G. J. Payne, Pomeroy; S. S. Murray, Williamsport; E. Frazee, Hamilton; E. Long, Jackson; J. Rogers, Charleston, Va.

BAILEY & SUMMERS,  
April 25, 1850.—4m

## WE DAILY hear of the most astonishing

cures being effected by that great and popular medicine, the genuine

**H. G. FARRELL'S ARABIAN LINIMENT.**

The greatest remedy ever discovered for almost all complaints requiring an external application, either in man or beast. In the short length of time it has been introduced to the people of the United States, it has gained a reputation unequalled by any other medicine in the known world. Why is it? The answer is plain: because no medicine of the kind has ever been put before the public so deserving of the rich laurels it has acquired; and it will continue to gain friends as long as it performs the most extraordinary cures of various descriptions, after the doctors and all other remedies have failed. We do not only say that the genuine H. G. Farrell's Arabian Liniment can and does perform cures which no other medicine can, but you have here certificates of what it has done.

Thaddeus Smith, of Muld Creek, Tazewell Co., Ill., says: "I had lost the use of my arm for more than a year by palsy or paralysis; the doctors had entirely thrown away, leaving nothing but skin, muscle and bone. I tried all the best doctors and all the remedies I could hear of, but they did no good. I then commenced the use of H. G. Farrell's Arabian Liniment, and a few bottles entirely cured me, and my arm is now as strong and dexterous as the other. It is also a first-rate cure for burns, sprains and bruises."

The celebrated Doctor JAYNE, whose reputation as a benefactor to mankind extends over the whole world, reports that a lady of one of the first families in Philadelphia had been confined to her bed fourteen years with Rheumatism, and was cured by H. G. Farrell's Arabian Liniment. He also says: "Your liniment is going rapidly; send me a supply immediately by express, for I am in great need of it."

My daughter, when 6 months old, was taken with a swelling in the tonsils, which grew larger and larger, till when 6 years old she had great difficulty in swallowing her food. Every night, when she lay down, she would suffocate. The best doctors attended her, but could give no relief. I took her to the most eminent doctors in the East; they said there was no help for her but to cut it out. With a heart I returned home with her, when she became so much worse that the doctors had to be called in again; they decided the tonsils must be cut out, as the only means of giving relief. My wife would not consent to this, and she determined to try your liniment, which gave relief the very first application, and by a continued use she is entirely recovered.—She is now 10 years old, and healthy and healthy as could be desired. Your liniment is also the best in use for sprains, bruises, cuts, burns, headache, &c.; and it will remove the most severe pain in a few minutes. It also cures caked udder in a few days.

**GEORGE FORD.**  
Pecris, March 20, 1849.

Mr. H. G. Farrell: Your Arabian Liniment is
